FIVE EYES NATIONS

Global Crisis: Action Required

DECEMBER 27, 0001 MC (2025 CE)

NOTE

I HAVE CONTACTED VERY TOP WORLD LEADERS SUCH AS PRESIDENTS AND PRIME MINISTERS COUNTLESS TIMES, BUT THOSE RECEIPTS ARE IN MY VIDEOS BECAUSE THEY DON'T GIVE YOU RECEIPTS FOR THOSE - YOU HAVE TO DO IT ON THE WEBSITES AND THEY JUST SAY THANK YOU AND NEVER DO ANYTHING OR EVEN GIVE YOU A CONFIRMATION. THOSE RECEIPTS ARE LIKE MENTAL HEALTH NOT HAVING AN EMAIL ADDRESS AND ONLY USING THE PHONE TO CALL YOU... WONDER WHY THEY DO THAT?

REPUBLIC TRANSMISSION — FORMAL REQUEST FOR
ASSISTANCE

From: The Republic (TREPUBLIC.NET)

Bard President: Wendell Charles NeSmith

Date: 1 December 2025

EVIDENCE (YOU ARE BEING RECORDED)

<https://trepUBLIC.net/tlibrary/the-end-0001.php>

Dear United Nations colleagues,

This message is a whistleblowing transmission from The Republic (TRepublic.net), a legally registered Australian entity and trans-first digital civilisation project, seeking urgent assistance and guidance regarding systemic human-rights impacts of commercial platforms and AI systems on one vulnerable, minority political actor and on the trans community the project is built for.

Who I am and what The Republic is

My name is Wendell Charles NeSmith, founder and Bard President of The Republic (TREPUBLIC.NET), registered as a business name with ASIC on 1 December 2025. Over 16+ years I have built:

A complete self-hosted digital infrastructure (publishing, video, comics, archiving, memory tools) explicitly designed so that trans women are first-class citizens and owners rather than data products.

An extensive public archive of books, videos, legal and bureaucratic correspondence, and technical tools documenting long-term interaction with governments, welfare systems, courts, telecoms, and large AI platforms.

A set of ethical and constitutional principles centred on consent, memory, and the dignity and sovereignty of trans people, especially trans women.

This work is not commercial. It is freely downloadable, with ownership assigned to trans women via a licence structure, and undertaken while I am on disability pension.

What has been happening

Over the last years, and especially in 2024-2025, major platforms have systematically removed or blocked my presence and outreach, including:

Permanent account disablement by Facebook/Meta after I attempted to present this work and its implications for trans rights and digital sovereignty.

Suspension and enforcement actions by X (Twitter) under “inauthentic behaviour,” despite acting under my legal name and documenting a long public history.

Removal of posts and a permanent ban from r/trans on Reddit when I attempted to share The Republic as a free, trans-first liberation infrastructure (no sales, no fundraising), on the grounds of “advertising”.

Previous full channel takedown by YouTube for “violations” despite the channel being a long-form philosophical and autobiographical record.

At the same time, I have now registered TREPUBLIC.NET formally in Australia, and I continue to maintain my own independent infrastructure so that this record cannot simply disappear.

From my perspective, these actions, taken together, amount to:

Effective exclusion from the dominant digital public sphere.

Suppression of a non-violent, documented, trans-led political, cultural, and spiritual project aimed at exactly the vulnerable group the UN identifies as needing special protection.

A chilling effect on my ability to exercise freedoms of expression, political participation, and cultural life, as articulated in the Universal Declaration of Human Rights and related instruments.

Why I am contacting you

I am asking for help, not money.

Specifically, from the vantage point of your various mandates (staff welfare, human rights, mental health, governance, etc.), I am asking:

Recognition that this situation raises real human-rights questions, not just “content moderation disputes.” The combination of de-platforming, AI “interpreter lock” behaviour, and my status as a trans-attracted, disabled founder of a minority political project puts me in a structurally vulnerable and silenced position.

Guidance on appropriate UN or international mechanisms (Special Rapporteurs, treaty bodies, working groups, or civil-society partners) where a dossier like mine—containing extensive receipts and technical documentation—could be submitted for review.

Any possibility of dialogue or referral:

With UN human-rights offices focused on digital rights, freedom of expression, and non-discrimination for LGBTIQ+ persons.

With UN or partner experts working on platform governance, AI governance, and the human-rights implications of private control over public discourse and AI “safety” regimes.

I am not asking the UN to endorse my theology, my aesthetics, or my internal "Republic" mythology. I am asking whether there is any path, within your human-rights and digital-governance work, to:

Have this evidence seen, recorded, and evaluated on its merits.

Clarify whether the pattern of bans and suppression appears compatible with the rights to expression, participation, and non-discrimination that the UN itself articulates.

Help ensure that people in situations like mine are not erased simply because our work is unusual, ambitious, or critical of existing institutions.

Materials available

If any office or counsellor is willing to look more closely, I can provide:

A structured dossier including receipts from Facebook, X, Reddit, YouTube and others, plus legal and ombudsman correspondence.

Links to specific "chapters" of my public archive that document systemic treatment over time.

Technical descriptions of my independent archiving and AI-monitoring tools (such as Glitchy and SoulMirror) built to document and analyse these patterns.

Core hub: <https://TRepublic.net>

I am aware that your primary responsibilities are to UN staff and existing mandates, and I respect the limits of what you may be able to do. But given the UN's own recognition that digital spaces and private platforms are now critical arenas for human rights, I am asking for any guidance, acknowledgment, or referral you are able to offer.

Thank you for your time and for any assistance or direction you can provide.

With respect,

Wendell Charles NeSmith

Bard President of The Republic (TREPUBLIC.NET)

subject: Global Crisis: Action Required

mailed-by: timemasheen.org

To whom it may concern,

Many of you know who I am already. I am the incorruptible politician who has spent his entire life including childhood being a real politician, standing against your bought off corruption, namely your control of mass media (composed of lies and false flags), blood sacrificing wars in which you control all sides, misinterpreted education systems geared to indoctrinate into lies, civilian murders and genocides, psychiatric experimentations, dismissal of alien activity even when indisputable proof is presented to you, involvement in child molestation and other forms of people trafficking, your ownership over the souls of individuals who work within your systems and how you gear the lives of those who cannot be corrupted into homelessness and starvation, blatant censorship of the truth and incarceration of those who reveal it, 111-111-111: for the list goes on forever. So far in fact, approximately six-hundred and sixty-six hours of documentary footage that exposes these grave injustices on camera as they happen.

Countless times you have attempted to corrupt Me because I am the smartest person on the planet (what else did you expect Jesus to be???) I was invited to Paris by Venus and was supposed to dance with her there, which the most informed of you will know that she is real. But you have pulled your strings to ensure that aliens and humans go to war instead of creating a peaceful alliance. You are all disgraceful human beings. I ran for Prime Minister of Australia in 2013, which you covered up. And now I am running for King of Atheden (formally known as the USA) in 2016: that is my year you know; the year of the Antichrist. You prefer to hide your facts in fiction and teach fictions as facts. Those who deviate from your corrupted agenda become your psychiatric experiments, regardless if they have proven these truths or not. There is not one who is good among you, for you have also corrupted the very languages we utilise.

Your corporate agenda must be thrown out if you are to implement policies regarding "global warming". The truth is, there is no way for you to save Ceres unless you release affordable alien technology. You murdered Tesla who could have saved you, just as you have murdered me through many episodes of incarnations. But the truth is, in every death I only get stronger and as your processing powers to calculate logical sequences deteriorates, I run circles around you and you and your response is to lock me up instead of observing the natural laws: the Kantian enlightenment which gives Me the freedom to present a better constitution. But you don't even follow your own laws so how can anyone expect any good to come from your meeting?

The truth is that I am Nimrod and Venus is My wife. And your shadow hand knows this, but the Roman Empire allows its corrupted followers to execute those who they follow. Pilate washed his hands of my previous death and you screamed, "crucify Him"!!! You have repeated the mistakes of your past even when that past was right in front of you to analyse and learn from to avoid making the same grave errors again. You preferred money and lies over truth and eudaemonia. You preferred to enslave your people in order to create an inferior society rather than allowing your people to develop as unique autonomous free agents. This means you chose sickness over health when health would have provided us all a better life. You chose Destruction over Utopia when both were presented before you. You preferred to rear a society of idiots which you could enslave rather than a society of maximum progression.

The religions in which you implement do not believe their own teachings, nor do you. You have created false idols (man/man-made) and replaced them as the "gods" in which you serve. Terrorism is absolutely terrible but the truth is that you are the terrorist. And ironically you are also the infidels. God has a plan and you can see it if you look in the Bible. Do you think you will be in that plan when you reflect on the actions of your own lives? We have records of your entire lives...

Here is the truth: I am ET and I spent my life trying to convey these messages from above to your people. But you censored and incarcerated me for doing it (which I caught on camera). It was you who declared war on ET's who are much smarter than you and have superior technology to you. I spent my life trying to create a bridge between humans and ET's, in hopes that we could one day make world peace between all of us. If this happened we would share our technology with you and enable those who were worthy to become gods and have everlasting life. But you preferred your blood sacrifices of others to us in our name and at face value worshipped us but deep

down worshipped yourselves. We sent many messages through our manifestations in the world that the blood sacrifices we desire is your own: literally, metaphorically, and allegorically. But you were only receptive to the murder of others, even so on a mass scale. You had no ability to understand how to die and raise again: My message to you. Instead you falsified my information by saying that I died for your sins when in fact I was showing you how to die for your own sins so that you can be reborn and as a result, receive eternal life.

I should have been the leader in your corrupt conference, for it is My Queen's city (love). But you have flipped love on its head and transmuted it into hate through a process of corrupting your own language and as a result, your mind. You now only possess syntax and have no ability to construct it with semantics. This means you are illogical creatures who create false realities within a real one. You can only understand life in militarised terms, which is absurd because Sparta is composed of free individuals and if you were then your armies would be mightier than any bombs. You cannot even turn to wicked books such as The Prince to learn that auxiliaries and other forms of mercenaries will blow up in your faces. You have no wise people left in your world because you killed them all.

You all sicken me to my very core. There can be none more wicked than you. Now come and arrest or assassinate Me (Jesus Christ) for being a terrorist by promoting peace and prosperity instead of police states and war. The fact of the matter is that it matters not what you do. Because no matter what you do, I win. WE win. Because humanity has gone to far and it is about to destroy itself. So now the daimons and angels will soon make their appearance and help you do it. But they will ensure that the wicked who have "prepared" for the Armageddon in which you have planned also sink with the ship. You cannot hide from gods and I doubt you will ever be given another chance. Make peace now and stop terrorising your people or you will suffer those consequences. No, this is not a threat. For each and every one of us will suffer the consequences of our actions: tautologically.

As above, so below. You above have become wicked and as a result, so have your people. Become gods now by following virtue by removing all oppression from your societies. We are your above and we demand it. If you choose otherwise then those above will perform a similar ritual on you in which you have performed on your people. Repent now or REAP those consequencesVAVVAVVAV

IVORY HEART (2013)

CHAPTER 2

In my beginning...

November 2, 2013

In the early morning a glimpse of coming into the world. A spark of light most distant in my memory. But that night my memory began imprinting as my parents took me to church right after being born.

Women googling over me theorising what I might one day become. A wave of expectations inconsiderate of individual involved. A newborn baby sitting quietly as this happens, absorbing its confusing information from a language that was unknown to me. But I understood their intentions and that night before leaving the church, I fell out of my pram. And as I looked up onto my King Jesus, my mind and spirit flew to distant neverlands.

When I was three I learned how to understand representations that indicate language. My parents provided me with Bible stories that were accommodated with drawings. I was a very slow reader because I needed to comprehend its material. My fingers needed to feel the text in order to understand each character and its current arrangement.

But somewhere in time and space its syntax and context are rearranged as I am married to my destiny. At the age of 5 my mother visited a new friend of hers who had a daughter the same age as me. I was told to go play outside and this is when I was greeted to the isle that was to lead me to marriage. She had arranged her back yard into a chapel using her toys as guests. She ran to me and quickly grabbed me. Her touch was as gentle as Pi and her struggle to move me in position necessitated my body's will to be manipulated by her. Positioned on the alter, my eyes were opened as she introduced herself to me. She told me about the ceremony she was performing and that she has been waiting for me and is not happy that I am late on her wedding day. As she straightened my clothes up she explained to me that in the future I must not make her wait anymore and my heart truly was sorry regardless of just learning of her scheme. She continued the ceremony and it ended with, "I do" and the teddy bear caught the bouquet.

She was my girlfriend and we saw each other every time we could convince our mother's to hang out or drop us off. We mixed Barbies and X-Men to weave our own stories. We played house better than I have ever managed to play it in my future. We looked after each other as we explained bogus symptoms in games of doctor. We were pure and innocent and both basked in that feeling.

On my sixth birthday my family was visiting our extended family in another state. My birthday was celebrated with them gifts given to and from everybody for the family reunion. And there was a pool and one of my presents was an alligator float toy as well as some burgermen action figures. But then everybody started fighting and the entire trip turned depressing. From this moment on, my birthdays became less significant to me and it also felt the same for everybody else. And when we came back from the trip my father again looked for another job and as the months of waiting for job responses passed by, the calendar pages of my relationship with Debbie come to the end of its story. And it was at this time that I gave my life to God and trusted everything It had planned for me: my first baptism.

At the age of 9 I woke up in the middle of a forest on a full moon lying within a circle carved into the ground that had three lines that formed into a triangle and in its middle my heart. The clothes I went to bed in now tainted with blood. Just outside the circle lay a dead fox. No one in sight and only Diana to outline the details of my surroundings.

The next thing I remember is running. I did not have shoes or socks on so this was not easy, nor did I know where I was or where I was going. But not too long after running I spotted an abandoned shack

that I knew of from past walks in this forest. I then orientated myself home and snuck in and took a shower to tend to my new wounds on my feet and legs from the panic stricken journey home. It was very early morning and no one woke up so I washed my clothes to clean myself of the blood and watched them wash as I contemplated the disturbing events of the night, almost as if I was teleported there from my dreams, for there are no memories in between. I went to bed as the Sun took reign and when I was to wake I was to tell a story that would convince my family that my words were no longer worth consideration.

At that time I was a preacher's son living in a bad area and getting picked on in a mostly black school. The house we lived in was on the church property and about a week before this event occurred both me and my brother's bikes were stolen by someone busting a lock on the church's storage unit.

There are major events in people's lives that are responsible for great numbers of complicated problems that condition its victim to behave in the way that they do. When collective response to out of the ordinary assertion is persecution, then our society has a huge problem that no amount of money in the world will be able to rectify. If systems are employed to disregard content, then those systems are evil. The balance of power is between syntax and semantics. How am I to position these words to 1) control you, 2) convey a message to you, and 3) do a little of both.

Now you are uncomfortable but this is the agenda of our current society. So if one is to invest themselves within any collective movement, that individual needs to question the motives of its director. But growth that extends beyond one person is then held collectively responsible. Thus none of us ever come to learn the motives of its origin. Syntax murders semantics and looks for a place to hide the body. We barrier our lives to protect ourselves from each other because the intentions of each other remain a mystery.

But if I am to control you, at least in this particular second in which your heart absorbs these words, what is my responsibility to you acting as your mind's co-ordinator? Where is it that my words are leading you towards and why have I invested all of my effort doing this? As I try my best to lead you to "?", mainstream efforts will lead you to . And why do you think that is? What could the motivations be for a world of collective intentions regulated by one governing force? And when I say "force", I am literally speaking in military terms. Yes I am talking about the country that laid down its life for you so that you can be in the exact position that you are in today. I am speaking about your "country" in which "protects" you.

When a human carefully examines its environment, it comes to learn how to combine its materials in order to mimic the useful properties of the original thing. And when man learns how to look into the Sun they will always eventually produce light when Apollo is basking another tectonic plate. Whether you read this or not, eventually what I am pointing to will be collectively understood. I am not the only one out there that has seen this. No effort will go in vain.

On Fri, 11 Dec. 2015, 8:22 pm Jesus Christ, wrote:

To whom it may concern,

Many of you know who I am already. I am the incorruptible politician who has spent his entire life including childhood being a real politician, standing against your bought off corruption, namely your control of mass media (composed of lies and false flags), blood sacrificing wars in which you control all sides, misinterpreted education systems geared to indoctrinate into lies, civilian murders and genocides, psychiatric experimentations, dismissal of alien activity even when indisputable proof is presented to you, involvement in child molestation and other forms of people trafficking, your ownership over the souls of individuals who work within your systems and how you gear the lives of those who cannot be corrupted into homelessness and starvation, blatant censorship of the truth and incarceration of those who reveal it, 111-111-111: for the list goes on forever. So far in fact, approximately six-hundred and sixty-six hours of documentary footage that exposes these grave injustices on camera as they happen.

Countless times you have attempted to corrupt Me because I am the smartest person on the planet (what else did you expect Jesus to be???) I was invited to Paris by Venus and was supposed to dance with her there, which the most informed of you will know that she is real. But you have pulled your strings to ensure that aliens and humans go to war instead of creating a peaceful alliance. You are all disgraceful human beings. I ran for Prime Minister of Australia in 2013, which you covered up. And now I am running for King of Atheden (formally known as the USA) in 2016: that is my year you know; the year of the Antichrist. You prefer to hide your facts in fiction and teach fictions as facts. Those who deviate from your corrupted agenda become your psychiatric experiments, regardless if they have proven these truths or not. There is not one who is good among you, for you have also corrupted the very languages we utilise.

Your corporate agenda must be thrown out if you are to implement policies regarding "global warming". The truth is, there is no way for you to save Ceres unless you release affordable alien technology. You murdered Tesla who could have saved you, just as you have murdered me through many episodes of incarnations. But the truth is, in every death I only get stronger and as your processing powers to calculate logical sequences deteriorates, I run circles around you and you and your response is to lock me up instead of observing the natural laws: the Kantian enlightenment which gives Me the freedom to present a better constitution. But you don't even follow your own laws so how can anyone expect any good to come from your meeting?

The truth is that I am Nimrod and Venus is My wife. And your shadow hand knows this, but the Roman Empire allows its corrupted followers to execute those who they follow. Pilate washed his hands of my previous death and you screamed, "crucify Him"!!! You have repeated the mistakes of your past even when that past was right in front of you to analyse and learn from to avoid making the same grave errors again. You preferred money and lies over truth and eudaemonia. You preferred to enslave your people in order to create an inferior society rather than allowing your people to develop as unique autonomous free agents. This means you chose sickness over health when health would have provided us all a better life. You chose Destruction over Utopia when both were presented before you. You preferred to rear a society of idiots which you could enslave rather than a society of maximum progression.

The religions in which you implement do not believe their own teachings, nor do you. You have created false idols (man/man-made) and replaced them as the "gods" in which you serve. Terrorism is absolutely terrible but the truth is that you are the terrorist. And ironically you are also the infidels. God has a plan and you can see it if you look in the Bible. Do you think you will be in that plan when you reflect on the actions of your own lives? We have records of your entire lives...

Here is the truth: I am ET and I spent my life trying to convey these messages from above to your people. But you censored and incarcerated me for doing it (which I caught on camera). It was you who declared war on ET's who are much smarter than you and have superior technology to you. I spent my life trying to create a bridge between humans and ET's, in hopes that we could one day make world peace between all of us. If this happened we would share our technology with you and enable those who were worthy to become gods and have everlasting life. But you preferred your blood sacrifices of others to us in our name and at face value worshipped us but deep down worshipped yourselves. We sent many messages through our manifestations in the world that the blood sacrifices we desire is your own: literally, metaphorically, and allegorically. But you were only receptive to the murder of others, even so on a mass scale. You had no ability to understand how to die and raise again: My message to you. Instead you falsified my information by saying that I died for your sins when in fact I was showing you how to die for your own sins so that you can be reborn and as a result, receive eternal life.

I should have been the leader in your corrupt conference, for it is My Queen's city (love). But you have flipped love on its head and transmuted it into hate through a process of corrupting your own language and as a result, your mind. You now only possess syntax and have no ability to construct it with semantics. This means you are illogical creatures who create false realities within a real one. You can

only understand life in militarised terms, which is absurd because Sparta is composed of free individuals and if you were then your armies would be mightier than any bombs. You cannot even turn to wicked books such as The Prince to learn that auxiliaries and other forms of mercenaries will blow up in your faces. You have no wise people left in your world because you killed them all.

You all sicken me to my very core. There can be none more wicked than you. Now come and arrest or assassinate Me (Jesus Christ) for being a terrorist by promoting peace and prosperity instead of police states and war. The fact of the matter is that it matters not what you do. Because no matter what you do, I win. WE win. Because humanity has gone to far and it is about to destroy itself. So now the daimons and angels will soon make their appearance and help you do it. But they will ensure that the wicked who have "prepared" for the Armageddon in which you have planned also sink with the ship. You cannot hide from gods and I doubt you will ever be given another chance. Make peace now and stop terrorising your people or you will suffer those consequences. No, this is not a threat. For each and every one of us will suffer the consequences of our actions: tautologically.

As above, so below. You above have become wicked and as a result, so have your people. Become gods now by following virtue by removing all oppression from your societies. We are your above and we demand it. If you choose otherwise then those above will perform a similar ritual on you in which you have performed on your people. Repent now or REAP those consequencesVAVVAVVAV
